#### **DETAILED ACTION**

1. This Office action is in response to the amendment filed on December 17, 2009. Claim 15 has been cancelled. Claims 1-14 and 16-21 are pending. Claims 8-14 and 16-20 have been withdrawn from consideration as nonelected inventions. Claims 1-7 and 21 are considered in this Office action.

## Claim Rejections - 35 USC § 112, first paragraph-Written Description

- 2. The following is a quotation of the first paragraph of 35 U.S.C. 112:

  The specification shall contain a written description of the invention, and of the manner and process of making and using it, in such full, clear, concise, and exact terms as to enable any person skilled in the art to which it pertains, or with which it is most nearly connected, to make and use the same and shall set forth the best mode contemplated by the inventor of carrying out his invention.
- 3. (**Prior rejection- withdrawn**) The rejection of Claims 1-7 and 21 under 35 U.S.C. §112, first paragraph, as failing to comply with the written description requirement **is withdrawn** in view of the amendment to the claims.
- 4. (**Prior rejection- withdrawn**) The rejection of Claims 1-7 and 21 under 35 U.S.C. 112, first paragraph, as containing subject matter which was not described in the specification commensurate in scope with these claims, **is withdrawn** in view of the amendment to the claims.
- 5. (**Prior rejection-moot**) The rejection of Claim 15 under 35 U.S.C. 112, first paragraph, for failing to comply with the enablement requirement **is moot** in view of the cancellation of the claim.

Application/Control Number: 10/612,192 Page 3

Art Unit: 1648

### **Double Patenting**

The nonstatutory double patenting rejection is based on a judicially created doctrine grounded in public policy (a policy reflected in the statute) so as to prevent the unjustified or improper timewise extension of the "right to exclude" granted by a patent and to prevent possible harassment by multiple assignees. A nonstatutory obviousness-type double patenting rejection is appropriate where the conflicting claims are not identical, but at least one examined application claim is not patentably distinct from the reference claim(s) because the examined application claim is either anticipated by, or would have been obvious over, the reference claim(s). See, e.g., *In re Berg*, 140 F.3d 1428, 46 USPQ2d 1226 (Fed. Cir. 1998); *In re Goodman*, 11 F.3d 1046, 29 USPQ2d 2010 (Fed. Cir. 1993); *In re Longi*, 759 F.2d 887, 225 USPQ 645 (Fed. Cir. 1985); *In re Van Ornum*, 686 F.2d 937, 214 USPQ 761 (CCPA 1982); *In re Vogel*, 422 F.2d 438, 164 USPQ 619 (CCPA 1970); and *In re Thorington*, 418 F.2d 528, 163 USPQ 644 (CCPA 1969).

A timely filed terminal disclaimer in compliance with 37 CFR 1.321(c) or 1.321(d) may be used to overcome an actual or provisional rejection based on a nonstatutory double patenting ground provided the conflicting application or patent either is shown to be commonly owned with this application, or claims an invention made as a result of activities undertaken within the scope of a joint research agreement.

Effective January 1, 1994, a registered attorney or agent of record may sign a terminal disclaimer. A terminal disclaimer signed by the assignee must fully comply with 37 CFR 3.73(b).

- 6. (**Prior rejection-maintained**) The rejection of Claims 1-7, 15 and 21 on the ground of nonstatutory obviousness-type double patenting over Claim 1 of US 5,843,454, and Claim 1 of US 5,518,723 **is maintained** for the reasons of record.
- 7. Applicant acknowledges the rejection and does not wish to prematurely respond.

#### Remarks

8. No claim is allowed. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE

MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.

Information regarding the status of an application may be obtained from the Patent Application Information Retrieval (PAIR) system. Status information for published applications may be obtained from either Private PAIR or Public PAIR. Status information for unpublished applications is available through Private PAIR only. For more information about the PAIR system, see http://pair-direct.uspto.gov. Should you have questions on access to the Private PAIR system, contact the Electronic Business Center (EBC) at 866-217-9197 (toll-free).

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Bo Peng, Ph.D. whose telephone number is 571-272-5542. The examiner can normally be reached on Tu-F, 8:30-6:30.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Patrick Nolan, Ph.D. can be reached on 571-272-0847. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
